

Kissing Camels Golf Club at Garden of the Gods Club and Resort features championship golf in a legendary mountain landscape for Members and Guests.

KISSING CAMELS GOLF CLUB

Golfers are drawn to our challenging 27-hole golf course designed by renowned architects J. Press Maxwell and Mark Rathert. Our course spans more than 7,000 yards over 18 holes, featuring immaculately groomed fairways, bunkered greens, and towering pines. Our lush landscape is the perfect backdrop for your game. In addition to our golf course, you can fine tune your game at our practice range or short-game area.

Our Members also have access to more than 150 private golf clubs across the country and Canada, through the Private Club Network.

PROFESSIONAL STAFF

We assist Members and Guests in improving their golf game. Our practice facilities are open year-round, with PGA Professional staff available to provide personalized instruction.

He has substantial professional golf-management experience, has served on the Carolina PGA Section Board of Directors, and earned multiple Carolinas PGA Section Merchandiser of the year awards. Rich brings great enthusiasm and vision to our operation and tournament programs.

Today, she remains active in the golf industry and serves as our Director of Instruction, promoting love of the game to the next generation of young golfers in Colorado Springs. Shirley has been inducted into the 2014 Class of the LPGA Teaching and Club Professionals Hall of Fame.
